# Content and Structure

## Before you Click That Button

- Are there any *policies* for this proposal?
- Is it reasonable that *I* create it?
- Should this be raised for *discussion* first?
- What am I really asking for?

## Before you Click That Button

- Are there any *policies* for this proposal?
- Is it reasonable that *I* create it?
- Should this be raised for *discussion* first?
- What am I really asking for?

Be respectful of the Councils time.  
(I'd slash you if you were not!)

# Compile Information

Regardless of what you are asking for, gather:

- Relevant chain data/statistics
- Sources and references

Then:

- Weight arguments/data
- Present them as clearly as possible

# Structure and Writing

## Introduction

- State *clearly* what you are requesting, and why

# Structure and Writing

## Introduction

- State *clearly* what you are requesting, and why

## Body

- Present your arguments in order of importance
- Provide necessary context
- Add links to references and data sources

# Structure and Writing

## Introduction

- State *clearly* what you are requesting, and why

## Body

- Present your arguments in order of importance
- Provide necessary context
- Add links to references and data sources

## Conclusion

- Tie it all together
  - Context dependent

# Before you Click That Button!

- Write a draft
- Ask someone you trust to review
- Revise

# Before you Click That Button!

# **Brainstorm: Update WG Budget**

# Why WG Budget?

- Most common
- Both quantitative and qualitative
- Complex
- Should (?) have a policy, doesn't
- Biggest source of platform spending
- Not very convincing currently...

# Why WG Budget?
